

04 Opening Financial and Operating Schedules

Document PLNT-04 | Available 2026-10-01
Prepared by Fictional borrower finance team

SYNTHETIC DEMO. Planet Fitness Demo Club Operator LLC and Scenario Lender P01 are invented. No affiliation, financing or guarantee by Planet Fitness, Inc. is asserted. All financial figures, terms and scenario events below are fictional.

Basis and opening balance sheet

All figures are synthetic. USD millions unless stated. Calendar-month model from October 2026 through March 2027. No later observations are included. The editable workbook has the same 04 classification. This is a simplified management model, not audited reporting.

Opening item	USD millions
Unrestricted bank cash	7.000000
Restricted reserve	1.000000
Trade / membership receivables	0.200000
Other prepaid operating assets	0.500000
Net fixed assets	20.000000
Total assets	28.700000
Operating payables	2.000000
Debt	18.000000
Equity	8.700000
Liabilities and equity	28.700000

Pre-funding bank cash is \$5.0000m. Receive \$18.0000m and refinance \$15.0000m to reach closing bank cash. No fees or distributions occur. Opening income-tax payable is zero.

Actual trailing twelve months through September 2026

Historical item	USD millions
Revenue	33.000000
Fictional royalty expense	2.310000
Other operating costs	24.090000
EBITDA	6.600000
Depreciation and amortization	1.800000
Historical interest	1.620000
Pretax income	3.180000
Income tax	0.795000
Net income	2.385000

These invented historical observations are independent of future editable drivers. For the later December LTM schedule, January-September actual components are 75% of each annual revenue and operating-cost line, giving EBITDA of \$4.9500m. Historical interest is the prior facility's expense; new-facility interest follows C00.

Monthly forecast inputs

Driver	Base value
New member joins	3000
Monthly member attrition	3.00%
Average monthly dues in USD	25
Other service revenue and receipts	0.25
Current dues collection rate	98.00%
Opening arrears recovery rate	25.00%
Fictional royalty / total revenue	7.00%
Club operating expense	1.8
Central operating expense	0.2075
Depreciation and amortization	0.15
Capital expenditure	0.1
Income tax rate	25.00%

Active members roll as opening members less departures plus joins. Departures are opening members times attrition, rounded to the nearest whole account. Revenue uses average members times monthly dues. Current-dues receipts and prior-arrears recoveries are separate. Receivables roll by dues billed less both types of collection. No receivable impairment is assumed; aging must be reviewed if that assumption ceases to hold. Royalties, club costs and central costs are paid monthly. The balance sheet is a management view that expenses rent and omits matching GAAP lease assets and liabilities.

Six-month base forecast

Measure	Oct 26	Nov 26	Dec 26	Jan 27	Feb 27	Mar 27
Revenue	2.750000	2.750000	2.750000	2.750000	2.750000	2.750000
EBITDA	0.550000	0.550000	0.550000	0.550000	0.550000	0.550000
Closing Unrestricted Cash	7.248750	7.497500	7.746250	7.995000	8.243750	8.492500
Closing receivables	0.200000	0.200000	0.200000	0.200000	0.200000	0.200000
Other prepaid operating assets	0.500000	0.500000	0.500000	0.500000	0.500000	0.500000

Statement reconciliation

Income tax expense is 25% of positive pretax income. Cash-tax installments follow the fixed \$0.066250m monthly origination schedule; any difference accumulates in tax payable or receivable. Fixed assets change by capital expenditure less depreciation, and equity by net income. No dividends, extra borrowings or unlisted cash flows are assumed. The workbook reconciles cash, working capital and the balance sheet in each month. Forecast cash is not a C01 actual measurement; C02 requires actual LTM EBITDA.
