Cash and reporting record

Total bank cash is \$8.248750m, including the unchanged \$1.0000m restricted reserve. Debt remains \$18.0000m. Interest was paid October 30, the month's last Business Day. All counts use the same 20 clubs; there are no acquisitions, club openings or definition changes. Failed payments remain collectible receivables, not revenue reversals or member departures. No member data or personal identifiers are included.

The base forecast in 04 remains current. No new borrowing, security, distribution or discretionary expansion commitment has occurred. October is not a contractual quarter-end leverage date. All report components were delivered together in the fictional portal.
